CARING FOR OUR HEROES EVERYDAY

OUR MISSION

The Thomson-Hood Veterans Center (THVC) is dedicated to promoting and maintaining a standard of excellence. Emphasis shall be placed on preservation of residents' rights and assisting the residents to maintain the highest possible level of independence. This includes respect for the residents to be treated as individuals with the right to privacy and preservation of dignity.

The THVC shall adhere to all state and federal legislation and, to the extent possible, shall strive to exceed minimum standards to ensure the health, safety, and emotional well-being of the residents. The facility staff shall work as a team to accomplish these goals.

In an effort to remain current on health care trends for the elderly, education of staff shall be emphasized. This shall be accomplished through in-service, both formal and informal, and by collaborating with other agencies for the purpose of sharing knowledge.

The services of volunteers shall be solicited and used to their fullest extent to assist the veterans in achieving their maximum potential of independence. Community involvement with the residents shall be encouraged. Ways in which the resident may contribute to the enhancement of the community shall be explored.
